

## ***Training and Certification Opportunity in Manitoba***

The Outdoor Council of Canada and the Canadian Wildlife Federation have teamed up to provide a heavily subsidized training and certification course.

This intensive residential program (Thursday night through Saturday) will certify you to lead others into outdoors in low risk terrain for trips of up to one day, and as a Project Wild Instructor.

### **About the 'Wild Connect' Program:**

- The Outdoor Council of Canada provides [training and certification in outdoor leadership in low risk terrain for teachers](#). Although this is a relatively new certification it is rapidly being adopted by teachers because it accessible and fills several much needed roles. For those new to outdoor leadership it empowers them to make the first steps and helps guide their development. For experienced teachers it helps bring many themes together in a way that helps them move to the next level. For all teachers it helps re-assure risk managers that students will be well taken care of.
- [Project Wild](#) is a well-known curriculum for teaching a wide range of ecological material to young people though activity and experimentation.

### **Cost:**

\$115 includes two nights' accommodation and food, instruction, two manuals certification and one year's membership in the Outdoor Council of Canada.

### **Times & Dates:**

7:00 pm Thursday Oct. 20<sup>th</sup> – 5:00 pm Saturday Oct 22<sup>nd</sup>

### **Where:**

Camp [Nutimik](#) (in the Whiteshell Provincial Park) Manitoba

### **How to register:**

Register online at: <http://www.outdoorcouncil.ca/event-2335167>
